

East Lansing Info

We bring East Lansing the news.

ASSIGNMENT TWO

This assignment should be completed after watching/reviewing the fifth module of the ELi Reporter Training, Interviewing.

Please conduct a 5-10 minute interview with someone outside of your family in a live or video-recorded setting. Following the interview, either transcribe it or run it through the Otter.ai system. Your interview should include:

1. An introduction and recorded permission to record, if applicable.
2. Anywhere from 5-7 questions, either prepared or not.
3. Questions that provide context for the source, as well as information that would be useful for a potential story.

Once you've concluded the interview, please create a document and paste the transcribed interview onto it.
